Mrs. Effa Manley,

Newark, New Jersey.

Dear Mrs. Manley:

First of all we came back to Daytona Beach Sunday night. The rooms in Jacksonville was \$ 1.50 each; between the gas and rooms I saved \$10.00. We were back here at 9 O'Clock, so I hope I did the right thing. I sent waters home. He did not want to stay in Raleigh. I gave him \$ 2.00 to eat with, so that's that.

There is a boy here that has been working out with us. He looks good; he played in all of our games and came in as good as Irving been playing 3rd base. His arm seems a little weak yet, but Mackey likes him better than he does Alexander. He can hit. He drove in three (3) runs last night. Let Mackey know what to do about him. His name is Fraiger. There is only one thing that hinders him, that is, he is working. If you get the boy from Albany, N. Y., he won't bother with him.

Mackey said get Clarkson if possible. As it stands now, he doesn't think that Reddick will make it. Isreal doesn't look any too good himself. We lost the first three games between short-stop and second base. Otherwise the Club looks good and Day is hell he struck out 7 men in three endings Sunday. Brown's arm is sore.

So let me know about when to break camp. If we have to go to Birmingham, it is 600 miles from here. I tried to get Mr. Grear to play off the tie next week but he couldn't get the park.

I haven't heard from Posey or Charleston. I called up Sanford and Orlando today. The cards are there but they didn't get here yet. Did Posey send you terms on the park? Please let me know if you received these reports. I guess this is all for now. How is everything looking in Newark? There are lots of things to be said but Mackey will tell you when we get home. Save these valuable pictures. Thaddis is here and wants a job. They say that he is going good.

Yours very truly,

BW:

Our landlord said that he was going with us last night to give us some luck. We won and he bought all the boys a pack of cigarettes each.
